

VILLAGE OF TAOS SKI VALLEY PLANNING & ZONING COMMISSION
AGENDA ITEM

DATE: June 9, 2014

ITEM: Discussion of Revised Village of Taos Ski Valley Master Plan - 2012 Draft

PRESENTED BY: Staff

STATUS OF AGENDA ITEM: Old Business

CAN THIS ITEM BE RESCHEDULED: No

BACKGROUND: Village staff originally presented an updated Village Master Plan during the April 2012 Planning and Zoning Commission meeting. Since that time, staff has had the chance to thoroughly review this document and highlight any changes or additions made to the original 2010 document, which was approved by Council. During this review, staff has determined that while the Draft 2012 Village Master Plan does represent our Village's goals and ideals, it does not accurately represent the situation that many of the neighborhoods in the Ski Valley truly face in terms of density, housing types, and design criteria requirements.

With this discussion, staff would like to address these issues and understand more about what the Commission feels is relevant and important moving forward in terms of the vision and design of the Village.

RECOMMENDATION: Staff recommends discussion and review of the overall plan and vision of the community.
