A. APPOINTMENT OF A VILLAGE CODE OFFICIAL

Designation of the Village Administrator as the Code Official/Code Enforcement Officer for the Village of Taos Ski Valley for the purpose of enforcing the codes, ordinances, and regulations of the Village, as promulgated by the governing body, to include the Village nuisance, zoning and land use codes.

DISCUSSION: Village Administrator Rick Bellis reports that this item is necessary for the Village to enforce some Ordinances. Some Village Ordinances are enforceable based on state statutes, are adopted by reference, and are enforced by the Building Code Official, Police Chief, or Fire Marshall. Ordinances based solely on municipal powers granted to the Village must be enforced by a Code Official designated by the Mayor and governing body. The Village does not currently have a Planning & Community Development Director, who might normally do this. This will allow the Village Administrator to act as Planning & Community Development and the designated code enforcement official to include Village nuisance, zoning and land use code violations.

MOTION: Councilor Stagg SECOND: Councilor Wittman PASSED: 3-0

B. APPOINTMENTS OF EXPIRED TERMS ON COMMITTEES AND COMMISSIONS

D. Consideration and possible approval of a recommendation of the Code Official and Planning and Zoning Commission for the waiver of the number of permitted temporary banner-type signs for Taos Cannabis Co., dba Tree Line, a Cannabis Company, allowing up to 3 (existing) business non-lit banners attached to the building, suspended under the front porch overhang while the permanent monument sign is delivered and able to be constructed, based on weather.

MOTION: Councilor Wittman SECOND: Councilor Turner PASSED: 4-0

DISCUSSION: Village Administrator Rick Bellis received a couple of citizen concerns regarding lighting and signage. The code states that 1 banner is allowed for businesses that are opening until permanent signage is placed. This waiver would allow for 3 banners to be hung at this new business until a permanent sign is placed. Mr. Bellis stated that it is normal to have provisions for temporary signage for a short period for new businesses that are just opening but our code does not address this and he will be looking at amending the language,

GRT rate Tracking for VTSV location

GRT rates for VTSV went from 9.4375% to 9.3125% for the period of July - December 2022.

This reduction of 0.125% is due to state legislation lowering the state portion of the total from 5.125% to 5%. The portion of the state piece allotted to the Village remains unchanged @ 1.225% of the total. The reduction comes entirely out of the portion that goes to the state. Previously it was 3.9%. In this period, it is reduced to 3.775%.

The total % going to the Village is the municipal 2.4375% (Village ordinances total including Hold Harmless) plus the state piece allotted to municipalities of 1.225% = 3.6625%. This is the same % the Village was previously receiving before this period's reduction in overall rate.

GRT rates for VTSV went from 9.3125% to 8.8125% for the period of Jan – June 2023.

This reduction of 0.5% is due to the sunsetting of a Taos County higher education tax. This reduction only affects the county portion. The village municipality does not receive any of the county portion at this time, and so the total % to VTSV is unaffected by this period's rate reduction.

GRT rates for VTSV will go from 8.8125% to 8.9375% for the period of July - Dec 2023.

This increase of 0.125% is due to a combination of:

State legislation lowering the state portion of the total from 5.0% to 4.875%, results in a decrease of 0.125%. The portion of the state piece allotted to the Village remains unchanged @ 1.225%. The reduction comes entirely out of the portion that goes to the state. Previously it was 3.775%. In this period, it will be reduced to 3.650%. The total % to VTSV is unaffected by this rate decrease.

The county rate increased adding 0.25% to the total. This is the result of the county gross receipts tax increase voted for in November. 2022 The Village Municipality does not receive any of the county grt portion currently, and so the total % to VTSV is unaffected by this rate increase.

Per the GRT revenues portions that the Village receives:

The total Municipal GRT rate is 2.4375% and the total Municipal portion of the state GRT is 1.225%. These are unchanged from the previous period.

GRT rates for VTSV will remain at 8.9375% for the period of January - June 2024.

GRT rates for VTSV will go from 8.9375% to 9.4375% for the period of July - Dec 2024.

This increase of 0.5% is due to the county rate increase for addition of the County Hospital Increment 0.5%. The Village Municipality does not receive any of the county grtx portion currently, and so the total % to VTSV is unaffected by this rate increase. The entire 0.5% grtx rate increase for this period will be entirely allotted to the county.

Per the GRT revenues portions that the Village receives:

The total Municipal GRT rate is 2.4375% and the total Municipal portion of the state GRT is 1.225%.

These are unchanged from the previous period.

The state portion going entirely to the state is 3.650%.

The county portion going entirely to the county is 2.125%, up from 1.625% the previous period.

GRT rates for VTSV will remain at 9.4375% for the period of January – June 2025.

Preliminary reports show GRT rates for VTSV will remain at 9.4375% for the period of July - December 2025. This is not final.
